

## International programme in Toomler

Toomler is accessible for everyone, including those who don't speak Dutch. Though most of our comedy shows are in Dutch, we also have international comedy and music.

You might have visited our famous Comedytrain International Summer Festival, which takes place every summer, but also during the year we have a lot to offer to international visitors. Music wise, we have **Jazz** every second Friday (from 11 pm, free entrance) and a dj or live music on the other Fridays. Also there's the occasional concert on Sundays.

After the success the Comedytrain comedians had performing in Edinburgh, our comedians will keep trying out in English in Toomler during the year. Be sure to check this site regularly for international comedy dates.

**Check below for dates, times and reservations.**

**We look forward to seeing you soon in Toomler!**
